WHO WE ARE

Homeless Health Care Los Angeles is a nonprofit, community-based organization that provides comprehensive medical and holistic health care to address the unique challenges of people who are experiencing homelessness. Driven by socially conscious Angelenos for fellow Angelenos, HHCLA has been providing a pathway to health, recovery, and emotional well-being without bias or judgement for more than 30 years. With a continuum of services that includes counseling, substance use treatment, syringe exchange, overdose prevention, and housing with supportive services, HHCLA seeks to improve the quality of life and capacity for stability of the people they serve, and help them secure and stay in permanent housing.

WHAT IS PLATO DE ORO?

HHCLA's Plato de Oro award is presented to individuals who exemplify the true meaning of humanitarianism. These women and men who hold true to the ethics of kindness and benevolence and have been unwavering supporters of HHCLA's work. More than Plato de Oro honorees, these individuals unselfishly contribute their time and financial support to eradicate intolerance and injustice towards people experiencing homelessness.
